

# THE SELECTIVE BIBLIOGRAPHY OF FORCED MIGRATION

A Multi-Media Educational Tool

Spring 2021

## Gentrification in Los Angeles

This is a student project created for the Lexicon of Forced Migration course offered at Vassar, Bennington, Sarah Lawrence, and Bard Colleges. The course encourages students to think critically and consciously of the language used to discuss forced migration while staying global in scope and multidisciplinary in methodology. The project below was created collaboratively between Vassar College and Bennington College students.

*Research by Mae Long (Vassar College), Nicole Migneault (Bennington College) and Jasper Hixon (Vassar College)*
